Dear Sirs

Re: Dharmbir Sethi

I am pleased to provide a reference for this internationally renowned surgeon. I have known him over the last twelve years and have done joint outpatient and operating sessions with him, as well as attended meetings where he has given instructional courses, workshops and lectures. He has excellent surgical skills and a good knowledge base. He is renowned throughout the world as being one of the leaders in rhinology and endoscopic sinus surgery. He has been a pleasure to work with and is very sociable and approachable as well as being a first class surgeon. You will be lucky to appoint him and have him working in your hospital.

With kind regards.

Yours faithfully

PROFESSOR N S JONES MD FRCS
Professor in Otorhinolaryngology
